Update on Outbreak Protocols at Moira Place

Our Trillium home area remains in outbreak for Covid-19, as communicated to you on February 25th. There have been no increases in resident cases and we continue to follow direction from the Hastings-Prince Edward Public Health Unit.

We conducted a second round of PCR testing on March 2nd and all of these tests for Trillium residents have come back negative from the Public Health lab, which is good news. Our single positive resident in this home area is isolating and doing well. Trillium remains the only affected home area to date and we will let you know if that changes.

Essential caregiver visitors can still visit all residents in Trillium and Public Health is limiting this to one visitor at a time, with additional PPE. Those residents in isolation can have one essential caregiver visitor as well and those visitors must wear full PPE. Visits in the rest of the home can continue as usual per the latest Ministry of LTC / Chief Medical Officer of Health guidelines, which has not changed since my last update.

Our staff continue to be cohorted to this home area and we continue with our enhanced precautions to help prevent the spread of this virus. You can expect to have a rapid antigen tests taken when you come into the home each day and this is done on all staff, support workers, volunteers and visitors. Enhanced monitoring of symptoms continues for all residents in Trillium.

All eligible residents have received their 4th vaccine dose, which should provide some additional protection. All of our staff are fully vaccinated and those eligible have had their booster-shot.

This news is a reminder that, despite the Province loosening restrictions, COVID-19 continues to circulate in our community and is a risk to the elderly or those with compromised immune systems. **We must continue to be vigilant** and diligently practice all remaining COVID safety measures and precautions. Once again, we will inform you if/when circumstances change.

Sincerely,

A handwritten signature in purple ink that reads "Michael O'Keeffe".

Michael O'Keeffe,
